THE CHINESE OUTRAGES.

The condition of the American and English missionaries in the interior of China is very precarious. The rebels known as Vegetarians seem to be beyond the control of the governor of the province or that official is in sympathy with them in their determination to exterminate all foreigners. The hold of the Central government at Peking appears to be very loose, and although promises to punish the offenders will no doubt be made in reply to the representations made by the American and English ministers it is questionable if the punishments decreed can be executed, and our government will be powerless to do more than exact a monetary indemnity. We have a fleet of good warships in Chinese waters, capable of utterly destroying any seaport they have, but the wisdom of punishing a lot of innocent people who are ignorant of the cause of their punishment is open to serious doubt, more especially so as the perpetrators of the outrages are in rebellion against the government of the country. It would also be a violation of the usages of nations. If the Peking government is powerless, it would promptly settle the trouble if the mandarin governing the province were taken in hand by Ministers Deady and O'Connor, backed by their respective fleets. This means of settling the affair has been suggested and appears to be the only feasible one so far, as the powerlessness of the Chinese government since its disastrous encounter with Japan is apparent to all.

We cannot, however, but admire the courage of the Christian men and women who, in the face of such dangers, take their lives in their hands in their heroic efforts to serve their Master in attempting to bring the religion of Christ to these followers of Buddha, and we trust some means of insuring their protection will speedily be found.

SENATOR TILMAN and Mayor Strong gave an Ashbury Park audience their views as to summary laws in South Carolina and New York, on Sunday. The former thinks the Mayor cannot enforce the Sunday closing law and that his dispensary law is the only effectual liquor law. Senator Tilman's conscience is not quite so squeamish in regard to disfranchising negroes as it is in putting obstacles in the way of whites and negroes getting a drink when dry.

The chief of the weather bureau discusses this but weather very scientifically, dividing the temperature into two kinds, the "air temperature" and what he calls the "sensible temperature," or temperature a man feels. The most sensible temperature for this season is one of 75 or 78 degrees.

THE summer days are on the wane and vacations are drawing to a close. Within a week the doors of the public schools of this borough will again be thrown open and to the teachers and pupils the pleasures of the seashore and country will exist only in memory.

THE gold reserve, which the Morgan-Belmont syndicate worked up to a point above the hundred million mark, will soon need bolstering up again, judging by the way the Wall street sharks are shipping it off to Europe.

LIKE the once much admired Sullivan, Corbett, the pugilist, is fast undermining himself by indulgence in drink and ruffianism, and with his degradation what "manly art" was left in his profession is disappearing.

LABOR DAY in Pennsylvania falls on the 7th of September this year, and as no preparations are in view it is fair to presume there will be no formal observance of it in this vicinity.

CHARLEY SNYDER, of Pottsville, as red-headed and hopeful as ever, was in town yesterday and stopped long enough to say that "If Hastings wins at Harrisburg, we are the delegates."

THERE is no town in the region that contains more sporting blood than Shenandoah does. Yesterday's foot race seemed to excite more attention than the recent delegate elections.

MAY Shenandoah prosper and require half a dozen more school houses like the one accepted by the School Board last night.

NEW JERSEY people object to Pennsylvanians being employed on their electric railways. Well, the latter have a chance to get even by boycotting the Camden preacher.

HELD ON A CHARGE OF MURDER.

Evidence Connecting Mrs. Howell with the Death of Miss Knapp.

WELLSBORO, Pa., Aug. 15.—The examination of Mrs. Charlotte Howell, charged with the poisoning of Miss Libby Knapp, at Toga, was concluded yesterday. Mrs. Howell being remanded to jail to await the action of the grand jury next month. Dr. Niles, the coroner, testified to the finding of evidence of poison in Miss Knapp's stomach, and Dr. Brown, the attending physician before her death, told of similar symptoms when he was called in. Mrs. Stevens, a neighbor, testified to having let Mrs. Howell have "Rough on Rats" on three occasions, once on the plea that she wanted to kill a dog, another time to kill a cat, and on the last occasion she left the whole box with her because she had asked her to do so in consequence of a dream which she said made her fear that Mrs. Stevens would be poisoned by the stuff. Mrs. Howell placed the poison in a cupboard. Two or three days after Miss Knapp died. Mrs. Stevens asked Mrs. Howell about the poison, and she replied that she had burned it up since "Libby" died, because she had been afraid to have it in the house.

The threatening and filthy letters received by Miss Knapp were offered in evidence, together with some copies of them made by Mrs. Howell to show that the pencil printing was done by the same hand as the originals. Evidence was also adduced to show that the statements made by Mrs. Howell about the death of the girl were not according to the facts. This evidence, as a whole, was considered sufficient to hold the woman to answer a charge of murder.

One of Dr. Drury's Assassins Escapes. New York, Aug. 15.—Detective Sergeant Lawrence Delehanty, of Brooklyn, who went to Boston to get two men supposed to be the thieves who enticed Dr. Drury, of that city, into a vacant house and then robbed him, got back yesterday, but brought only one prisoner with him. The other man made his escape, jumping off the Fall River line boat Puritan at Newport, and his absence not being noticed until some time after. The man who got away was Edward Warren Ball, 45 years old. The one who did not escape is Samuel B. Rys, of Philadelphia.

Trolley Run Down by a Locomotive. CHESTER, Pa., Aug. 15.—A Baltimore and Ohio engine running on the old Loper quarry road crashed into a trolley car on the Chester and Darby line, seriously injuring half a dozen persons and slightly injuring several others. The injured are: Mrs. Rosa Bloechlinger, extensive lacerated wound below the knee; Marion S. Kenny, both legs badly bruised; J. J. Witt, right leg fractured; William Friel, leg fractured; Mrs. Friel, right leg badly cut; their 10-year-old daughter, leg fractured, and their son cut by flying glass. All reside in Philadelphia.

Disastrous Fire in a Tennessee Village. CHATTANOOGA, Tenn., Aug. 15.—A special to The News says that the entire business part of the village of Pikeville was destroyed by fire. Only one store is left standing. The conflagration is supposed to be of incendiary origin. Total losses foot up \$33,400. Only \$900 insurance was carried on any of the property destroyed.

Youthful Bather Drowned. WILMINGTON, Del., Aug. 15.—Eddie Richardson, a 10-year-old boy, was drowned in the Brandywine here while bathing. Charles Gordon, a companion, went to his assistance and was dragged down by the drowning lad, but was rescued in time to save his life.

NUGGETS OF NEWS.

THE MARYLAND REPUBLICANS.

Contest for the Governorial Nomination Between Lowndes and Malster.

CAMBRIDGE, Md., Aug. 15.—The Republican state convention, which assembled here today, promises to be the most spirited gathering of the party in years. The capacity of this small town will be taxed to its utmost to accommodate the crowd, and tents, river boats, etc., are being utilized as imprudently as hotels. The convention assemblies at noon, but it is expected that a sharp struggle between at least three competing delegations will deflect the nominations for governor, attorney general and comptroller and agreement on platform until late in the day. The friends of Lloyd Lowndes claim that he will be nominated for the governorship on the first ballot, with plenty of votes to spare. The opposition to Lowndes centers around William T. Malster, and the contest is becoming very bitter and somewhat personal. The Malster men are still hopeful of winning, although the general feeling is that the Lowndes forces have the convention well in hand. Little general interest attaches to the contest for the other places on the ticket.

Aside from the gubernatorial contest the main interest attaches to the platform. The leaders say there will be a strong and unqualified expression of the sound money idea in national finance. It is the purpose also of making a personal arraignment of the alleged influence exerted by Senator Gorman in shaping the recent nomination of John E. Hurst for governor on the Democratic ticket. The rest of the platform will be devoted mainly to state issues, the main one being a reassessment of all property values throughout the state.

Titus Makes a New Ten Mile Record.

NEW YORK, Aug. 15.—The most notable achievement yesterday at the Manhattan Beach cycling events was the smashing of the ten mile bicycle record by Frit Titus. He started on a ten mile match race with Harry Maddox, holder of the record of 21:30 1-5. Titus got behind the quad at the start, and this so discouraged Maddox that he dropped back a lap behind before the second mile was finished. At the end of the third mile Maddox dropped out. Titus then turned his attention to the record, and he fractured every mile after the first. It was originally intended to pace the mile with two quads, but one of them broke down and two tandems were pressed into the service. The pacing was not fast enough for Titus, who on the last mile cut the pace for the tandem. He finished by knocking the record to 20:28 1-2, a cut of 47 1-2 seconds. Had there been another quad to pace Titus, would have done much better. Pugilist James J. Corbett defeated Harry Wuechler in a half mile race.

Two Killed by a Locomotive.

NORRISTOWNS, Pa., Aug. 15.—Thomas Hovenden, the artist, and Bessie Pfoer, a 10-year-old girl, were instantly killed by a train at the grade crossing of the Trenton cut off at the Germantown pike last night. Hovenden, who lived in Plymouth township, was returning to his home from Norristown on the trolley line of the Chestnut Hill and Norristown road. At the cut off the trolley cars are not permitted to cross the tracks, and passengers are obliged to change cars and cross on foot. As Mr. Hovenden was doing so he saw the 10-year-old girl on the track and a train approaching. He seized the child and pulled her on to the other track, where a light engine dashed along and killed both.

Pierce Forest Fires in New Jersey.

POMONA, N. J., Aug. 15.—Pierce forest fires which have been raging since 8 o'clock Tuesday morning in this vicinity are doing much damage along the Brigantine Beach railroad. Already about 150 acres of woodland have been burned, and the flames are steadily gaining headway. The fire is rapidly extending towards Absecon. Forces of men have been trenching for thirty-six hours, trying to check the flames and prevent their reaching the dwelling houses, but with little success, and it is feared that nothing short of a heavy rain will save their homes. The origin of the fire is unknown, but it is thought to have been caused by huckleberry pickers.

Serious Fireworks Accident.

THORNTON, Ind., Aug. 15.—A serious accident occurred here during a display of fireworks. Through the carelessness of some one the whole mass was ignited, and many persons injured by the flying rockets. Mrs. Hamilton was badly injured. Ben Mullins, of Frankfort, was struck on the head by a rocket and seriously hurt. Lester Gray had his arm badly cut. Paul Kells was seriously burned. Many others were more or less seriously burned and bruised.

Tramps Attack a Train Crew.

TIFFIN, O., Aug. 15.—At midnight about fifteen tramps who were stealing a ride on a Big Four freight train attacked the train crew with stones and revolvers when an attempt was made to put them off. Eight shots were fired by the tramps, one of them cutting the coat of a state militiaman who was on the train and came to the aid of the crew. The appearance of the uniformed soldier caused the tramps to take to the woods.

Victims of the Brainbridge Bridge Wreck.

SPRINGFIELD, O., Aug.—Detective Reifnyder has returned from the scene of the Ohio Southern bridge wreck at Brainbridge. He stated that divers had succeeded in locating the bodies of the three dead trainmen. All three were in the cab. Engineer Radcliff's body was brought up and sunk again to prevent decomposition. The bodies of Fireman Houser and Brake-man Byers cannot be extricated until the cab is cut away. There were fifteen young men aboard the train bound for the Chillicothe fair, and as only twelve of them have been accounted for it is supposed the remaining three were killed.

Victorious Defeats Dorian.

SARATOGA, Aug. 15.—Dorian, August Belmont's new purchase, failed to win the Hancock stud stakes at one mile, notwithstanding that he was a 1 to 40 choice. Only two went to the post in this event, Dorian and Victorious. The former led by a small margin for three-quarters, and then, in a furious drive, Victorious crept up on the favorite. The excitement was intense, for they ran looked together up the stretch, Victorious winning by half a length. Time, 1:43.

The Search for Howard Pitzeel.

ADRIAN, Mich., Aug. 15.—Two Philadelphia detectives are here working on a clue of the Pitzeel murder. It is thought that the Pitzeel boy was here on Oct. 5 last. The detectives made the rounds of the hotels, which developed little of interest in the case, except that on the date in question a page in the register at the Gibson house is torn out and missing.

Heavy Fines for Assaulting an Officer.

KANSAS CITY, Mo., Aug. 15.—Andy P. Foley, the ex-alderman, in whose saloon Officer Gallagher was assaulted on Sunday while endeavoring to arrest Foley's bartender for violating the Sunday closing order, was fined \$1,000 yesterday. Philly McCreary, Foley's bartender, was also fined \$1,000.

CONTEST OVER THE DEAD.

Religious Controversy Arouses the Funeral of a Cincinnati Restaurateur.

CINCINNATI, Aug. 15.—A bitter agitation broke out here last night. E. E. Moorehead, aged 35 years, died yesterday at his home on Central avenue. He was a member of Washington council, in an order known as the American Flag. He affiliated with A. P. A. men, but could not belong to that order because his wife is a Catholic. Yesterday it was announced that Moorehead died a Catholic, and the family did not want Washington council or other local lodges of the American Flag to participate at the funeral. The lodges insisted on their usual service for members. Their request to be at the cathedral Saturday morning was also denied.

The members of the order held an indignation meeting last night at which it was publicly questioned whether Moorehead died a Catholic. Members of A. P. A. are taking part in the agitation. The cashier in Moorehead's restaurant is also a member of the American Flag. He said Moorehead was unconscionable for some time before the priest was called to administer the last rites, and that he died unconscious. He also asserted that the family would not allow him or any other member of the order to see Moorehead after his condition became serious.

The priest who attended him is unable to say whether Moorehead was conscious or not, and stated that it is not a material point in his duty, as he was called by Mrs. Moorehead. The members of the American Flag and the A. P. A. are causing a great stir over the case.

Protecting Our Citizens in Germany.

WASHINGTON, Aug. 15.—The state department has received a dispatch from Secretary of Legation Jackson, charge d'affaires at the embassy of the United States at Berlin, giving a statement concerning the arrest of two American citizens, Fred and Ferdinand Kort. These men were born in Germany, and in 1888 came to the United States, being then 17 and 15 years old, respectively. They were naturalized at Chicago in 1894. Last September they made a visit to Germany. In March they were arrested and fined 160 marks for failure to perform military duty. The German authorities, upon an investigation undertaken at the instance of the American embassy, annulled the proceedings and ordered the return of the money.

The Speedy Steamer St. Louis.

SOUTHAMPTON, Aug. 15.—The American line steamer St. Louis arrived at this port at 2 o'clock yesterday afternoon, and has broken her best eastward record. The eastward Southampton record is 6d., 10 h. and 55 min. The best eastward record made by the steamer New York is 6d., 11 h. and 12 min. The steamer Paris made her best eastward run in 6d., 10 h. and 43 min. The St. Louis is therefore 8 h. and 48 min. behind the best eastward record. After discharging her cargo the vessel will be prepared for her speed trial for the United States government mail contract, and her owners predict that she will lower the record.

Three Drowned in Highland Lake.

MIDDLETOWN, N. Y., Aug. 15.—A triple tragedy occurred at Highland Lake, near Eldred, Sullivan county, on Monday night. William Taeterow, brother-in-law of Proprietor Dovenoge, of the Mountain House, with W. Pilgrim, the chef, and the pastry cook of the hotel, whose name is unknown, were rowing on the lake in company with two other men. The boat was capsized and the two strangers swam ashore. The other three were unable to reach the shore. The water is said to be a hundred feet deep at this place, and all efforts to recover the bodies have proved fruitless.

All the Bodies Recovered.

NEW YORK, Aug. 15.—The work of searching the ruins of the collapsed Ireland building was discontinued permanently at 6 o'clock last evening. Every foot of ground within the walls of the building had been carefully gone over, and the contractor, the police and the representative of the building department agreed that no more bodies remained in the wreck. The task of clearing the street of the rubbish which has accumulated about the building will be begun at once and the first real attempt to fix the responsibility for the disaster will be instituted.

Treasurer of the Republican League.

CHICAGO, Aug. 15.—By unanimous vote the executive committee of the Republican National League, in session at the Great Northern hotel, chose Aaron J. Bliss, of Saginaw, Mich., as treasurer of the league and of the executive body. Reports from various state leagues were received. The outlook was declared promising, particularly in Iowa, Minnesota, Connecticut and New York. Senator John M. Thurston, General James S. Clarkson, W. W. Tracy and A. B. Humphrey were made advisory members of the executive committee.

American Schooner Yampa Defeated.

COWES, Isle of Wight, Aug. 15.—In a nice, whole sail, westerly breeze, yesterday, Mr. R. S. Palmer's crack American schooner-cruiser Yampa and Mr. Frederick Wills' English cruiser schooner Amphitrite started in a race for a prize of £100 over the queen's course. The distance was fifty miles, and Amphitrite won by 11 min. 13 sec. actual time, and by 18 min. 3 sec. counting her time allowance of 7 min. 41 sec., which Yampa allows her.

Thrashing Machine Explosion Kills Three.

MOHANTOWN, W. Va., Aug. 15.—John Blair & Sons were thrashing when the boiler of the machine exploded, killing three men and injuring four others. The killed are: John Spotsnagle, Curtin Ammons and John Blair. Curtin Ammons was struck by a piece of the boiler and literally torn to pieces. His legs and feet were found under the barn. All of Blair's clothing was torn from him except his shoes.

Denouncing the Knights of Labor.

RICHMOND, Va., Aug. 15.—The Trade and Labor Council of this city has adopted resolutions condemning the Knights of Labor, saying that "said order is only kept alive for the purpose of waging warfare upon bona fide labor organizations, and of obstructing their progress," and declaring sympathy with and confidence in the Independent Order of Knights of Labor.

Many Workmen Drowned.

KIEL, Aug. 15.—A terrible accident occurred at the Germana shipbuilding yards. A number of workmen were returning across a gangway to the shore, after their work had been completed on a new cruiser, when the gangway broke, and all the men were thrown into the water. Twelve bodies have been recovered.
